

# ITMATT Must be Submitted When Sending Mail Overseas

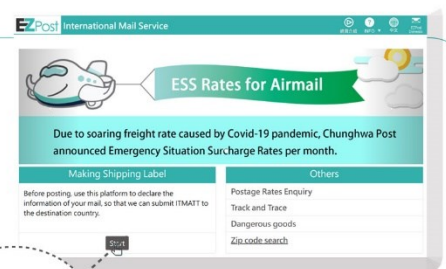

1. Senders must submit electronic customs information (ITMATT) when sending mail containing goods (including ordinary packet, registered packet, ePacket, Parcel and EMS) to EU countries · the United States · Japan and Hong Kong. (UK, Switzerland, Norway and Canada post will require mandatory delivery of ITMATT from August 1, 2023.)
2. Before posting, please use the EZPost online posting platform to make your shipping label, so that we can submit ITMATT to the destination country.
